Introducción: En la siguiente clase los alumnos podrán aprender a expresar de manera oral y escrita en inglés la frecuencia con la que realizan sus actividades diarias.

Desarrollo del Tema:

My daily routine

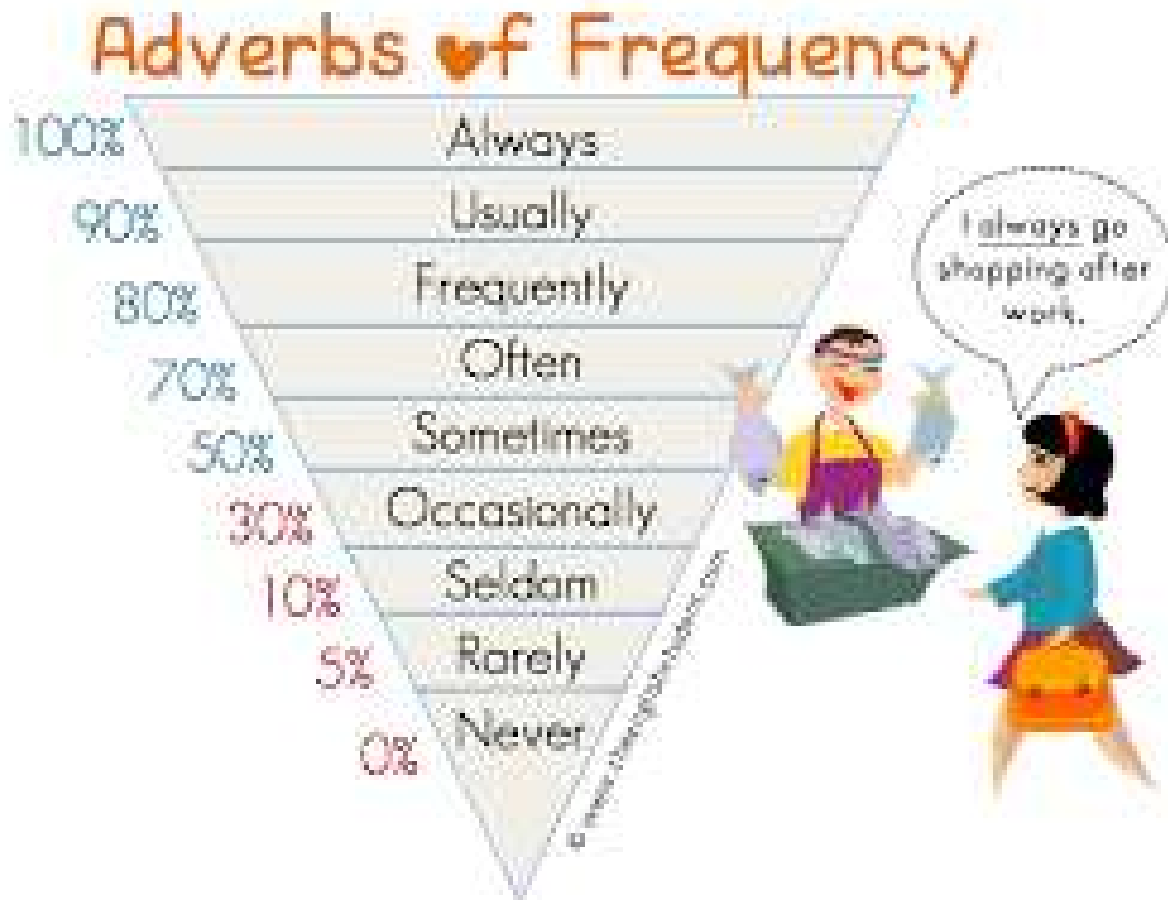

Hi! My name is Mila. I am 12 years old and I am going to share my daily routine.

First, I wake up at 7 o'clock. **Then**, I get up at 7:30 a.m. **after that** I make my bed and have a shower. **Next** I get dress and have a breakfast. I **always** eat frut and tea **but** now I prefer milk. I **occasionally** wash the dishes. **Seldom** I clean the kitchen. **Finally**, my mom kisses me and I go to school.

Adverbs of frequency are used to express how regularly an action occurs.

EXAMPLE:

Do you **always** drink milk for breakfast?

We **usually** go to the park on Sundays.

We **never** go by bike on Saturdays.

To ask how often someone does something we use the question:

How often do
you...?

Example:

How often do you watch Netflix ?

You are going to answer in a present simple tense adding before the verb, the frequency adverb.

I occasionally watch Netflix.

We also can use them at the beginning:

Sometimes I play chess.

- How often do you **go to** the beach?
- How often do you **cook**?
- How often do you **set** the table?
- How often do you **do** your homework?

Tell me about your
daily routine...
