Objetivo de la unidad: Describir experiencias, logros y demás eventos ocurridos en un tiempo indefinido en el pasado utilizando expresiones y verbos de forma apropiada.

Tema: Communication and technology

1.1. Present perfect

Introducción: Present Perfect is used when we want to talk about unfinished actions or states or habits that started in the past and continue to the present. Usually we use it to say 'how long' and we need 'since' or 'for'.

Ex. I have known my best friend since 2008.

Ex. I have worked here for two years.

Tema: Communication and technology

1.1. Present perfect

'Since' and 'For'.

We use 'since' with a fixed time in the past (2004, April 23rd, last year).

Ex. I have known my best friend since 2008.

We use 'for' with a period of time (2 hours, three years, six months)

Ex. I have worked here for two years.

Tema: What is happening in our Word?

- Technology **has changed** our lives since last decade.
- I **have used** my cellphone for 2 years

As can be seen above

We use “**Have and Has**” as the main auxiliars. And the main verb is used in past participle.

We use as well two main words, (**since**) which refer to a point of time, and **for** that is used for a period of time.

Tema: What is happening in our Word?

As can be seen bellow

- Technology has not changed our lifes since last decade.
- I haven't used my cellphone for 2 years

For negative form we only add “not” to the main auxiliar in order to indicate that the action has not happened.

We still use the main verb in past participle, since this is the tense in which we are talking about.

Tema: What is happening in our Word?

As can be seen bellow

- has technology changed our lifes since last decade.
- have you used your cellphone for 2 years

For interrogative form we only change the order of the words, we use the main auxiliar followed by the pronoun and then the main verb.
